Question analysis

Q1

Problem Solving

85/100

You reached the finals of the Smart India Hackathon 2025 with a six-member team. Can you describe a major technical or teamwork challenge your team faced during that intense 36-hour sprint, and how you resolved it while maintaining delivery quality? Explain the decisions, tradeoffs, measurable outcomes, and lessons that influenced your approach.

AI FEEDBACK

Demonstrated strong leadership and conflict resolution skills during a high-pressure scenario while clearly explaining the technical decisions and measurable impact.

Q2

Problem Solving

86/100

You reached the finals of the Smart India Hackathon 2025 with a six-member team. Can you describe a major technical or teamwork challenge your team faced during that intense 36-hour sprint, and how you resolved it while maintaining delivery quality? Explain the decisions, tradeoffs, measurable outcomes, and lessons that influenced your approach.

AI FEEDBACK

Demonstrated strong leadership and conflict resolution skills during a high-pressure scenario while clearly explaining the technical decisions and measurable impact.

Q3

Problem Solving

87/100

You reached the finals of the Smart India Hackathon 2025 with a six-member team. Can you describe a major technical or teamwork challenge your team faced during that intense 36-hour sprint, and how you resolved it while maintaining delivery quality? Explain the decisions, tradeoffs, measurable outcomes, and lessons that influenced your approach.

AI FEEDBACK

Demonstrated strong leadership and conflict resolution skills during a high-pressure scenario while clearly explaining the technical decisions and measurable impact.

Q4

Behavioral

88/100

You reached the finals of the Smart India Hackathon 2025 with a six-member team. Can you describe a major technical or teamwork challenge your team faced during that intense 36-hour sprint, and how you resolved it while maintaining delivery quality? Explain the decisions, tradeoffs, measurable outcomes, and lessons that influenced your approach.

AI FEEDBACK

Demonstrated strong leadership and conflict resolution skills during a high-pressure scenario while clearly explaining the technical decisions and measurable impact.

Q5

Problem Solving

89/100

You reached the finals of the Smart India Hackathon 2025 with a six-member team. Can you describe a major technical or teamwork challenge your team faced during that intense 36-hour sprint, and how you resolved it while maintaining delivery quality? Explain the decisions, tradeoffs, measurable outcomes, and lessons that influenced your approach.

AI FEEDBACK

Demonstrated strong leadership and conflict resolution skills during a high-pressure scenario while clearly explaining the technical decisions and measurable impact.

Final recommendation

Strong Hire

Continue building on this strong foundation with structured examples and measurable outcomes.
